Declaration

Subject: Declaration on REACH and SVHC

Issue Date:	03.11.2010
Revision Date:	09.09.2026
Revision No:	16
Pages:	2
Valid until replaced	

SASA PET BG is the trade name of SASA polyester polymer products. This declaration is valid for all SASA PET BG polyester polymer products.

SASA polyester polymer chip products are in compliance with Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

SASA is fully aware of its obligations under REACH, which entered into force on 1 June 2007.

Polymers themselves are exempt from the registration requirements under REACH. However, monomers and other substances used in the manufacture of polymers may be subject to registration where the applicable conditions and thresholds specified under REACH are met.

For SASA bottle-grade polyethylene terephthalate (PET) polymers, the main registered monomers are terephthalic acid (PTA) and ethylene glycol (MEG).

SASA has completed the applicable registration process for terephthalic acid produced in-house. Other relevant raw materials and monomers, including ethylene glycol and isophthalic acid where applicable, are sourced from suppliers in accordance with the applicable REACH registration requirements.

SVHC – Candidate List

Based on our current knowledge of the product composition and the information available from our raw material suppliers, SASA PET BG polyester polymer products do not contain any Substance of Very High Concern (SVHC) included in the ECHA Candidate List referenced as of 26 June 2026 at a concentration equal to or greater than 0.1% by weight (w/w).

Therefore, based on the available composition and supplier information, no SVHC included in the Candidate List referenced as of 26 June 2026 is known to be present in SASA PET BG polyester polymer products at or above the applicable 0.1% (w/w) threshold.

This declaration is based on the current composition of our products, information received from our raw material suppliers, and the ECHA Candidate List referenced as of 26 June 2026.
